

Fulve

Fulani

Fulas

Peuls

Internet evangelism for the Fula people, including preparing and sending out good news papers in their language, and prayer advocate for these wonderful people

### Prayer for individuals

Please pray for language helper **Bolo**, who accepted the offer of a series of booklets on the life of Christ.

A family moved here a few months ago. They have been to our fellowship several times. Please pray that their contact with us will be life-changing. The mother has accepted a N.T. Pray for the two or three of us who are hoping to start a study with her/them.

Both the fire and the fall gave me more contact with neighbours. Please pray that friendships will deepen and become redemptive.

I'd love to invite all my friends to stay but need time to work! Pray for blessing for those who do come.

### Camps

Camps for 9—17 year olds

Where?

Criccieth, North Wales

When?

29 July—19 August

See

Dear Praying Friends,

Happy New Year. I trust you had a lovely Christmas celebration. Thank you very much for all the varied Christmas greetings and news. Sorry that it's again New Year before I am managing to get round to sending mine.

2016 saw *WEC International's* UK HQ moved from Bulstrode to Coventry. 2017 could well see the church of which I'm a member, (*Dawlish Christian Fellowship*) moving to another building as the current site is up for sale.

God bless you with his wonderful peace and joy in 2017.

### 2016: an eventful year at a glance

- In March the first issue of *Booyataa* went out from **Devon**, followed by *Badake* in July and a further issue of *Booyataa* in December.
- In April a fire gutted the downstairs flat, doing some damage to mine.
- In May I had a bad fall with my bike: no broken bones but I was on crutches for a while.
- In May, I attended the wonderful celebration of 49 years of *WEC International UK's* ministry from Bulstrode, followed by *WEC UK* conference
- Also in May, despite the crutches, I visited friends and church in **Willington**. That memorable weekend included the 'christening' of a great-niece and the wedding of **Geoff and Angie's** son, **Jamie**.
- In June I was able to organise special meetings to pray for Mu\$lims during Ra\*adan, including an all-night prayer meeting.
- In the summer my sister **Helen's** three foster children were moved on.
- In August I helped supervise camp swimming again.
- In mid-November, **Gweno** moved again, this time to **Birmingham** to begin a new ministry.
- In December Bulstrode was sold. The new HQ is in **Coventry**.

### Praise God!

- I continue to love being here including typing on my balcony even in November and January! (Occasionally!)
- I feel very settled in a church here, *Dawlish Christian Fellowship* and in a life-group which is about to multiply (become two groups because of growth).
- Mum is keeping well and happy. We had a lovely time at Lee Abbey and we really enjoyed celebrating Christmas by spending time with almost all of our very large family in **Exeter, Cheshire** and the **Lake District**.
- I also enjoyed two holidays at home with different friends (one of which was shortened and modified because I was on crutches at the time!)
- You prayed for a system for the mailing out of *Badake*. **Tony** and **Guy** organised most of that. We then lost our overseas postal contract because of an insufficient volume of mail but Tony has found another one.

#### 2017 Dates

- Date Undecided *Lee Abbey* Christian holiday with **Mum**
- March, July & Nov.: 2 issues of *Badake* & 1 of *Booyataa*
- 27 May Wedding of niece **Penny**, in **Manchester**
- 27 May Ra\*adan, hoping to lead prayer again
- 21—24 October *WEC UK* conference in **the Midlands**
